

**NEW**

**Loves work, loves weekends.**

THE NEXT GENERATION

**Mahindra**  
**PIKUP**

**Mahindra**  
Rise.

The Next Generation Mahindra Pik Up double-cab has been designed without compromise to be practical, strong and to deliver at every level. Generous on power and with superb reliability, its 1000 kg maximum payload<sup>1</sup> and 2500 kg braked towing capacity provide the Pik Up with impeccable working credentials. It has all the essential comforts and technological advances you would expect, from the four-speaker touchscreen infotainment centre with Bluetooth connectivity for your phone, through to static bending headlamps that help you to see around dark corners. This comes with a contemporary new look that includes a restyled signature Mahindra front grille with chrome inserts, dual projector headlamps with 'eyebrow' LED running lamps, an integrated air-scoop in the bonnet, and tough new wrap-around bumpers.

The Next Generation Mahindra Pik Up is powered by Mahindra's legendary 2.2 litre, 4-cylinder mHawk turbo-diesel engine. The new six-speed transmission delivers an impressive 103 kW of power and 320 Nm of torque, providing effortless acceleration and all the muscle you could ever need. The updated engineering is more fuel efficient too, and low on CO2 emissions - a hallmark of Mahindra's cutting-edge technology.

The Pik Up's Mechanical Locking Differential (MLD) is manufactured by the world renowned Eaton Corporation with its 'shift-on-the-fly' functionality further enhancing its off-road capabilities. It provides full axle lock automatically when needed without any manual intervention, providing the optimum traction for your situation.

1 - Payload: 4X2 = 1095 kg, 4X4 = 995 kg

**COMES FULLY LOADED WITH FEATURES.**

# smart

# and strong.

01 - The legendary mHawk turbo-diesel engine.

02 - Dual projector headlamps with LED eyebrow running lamps.

03 - The restyled signature grille.

04 - The six-speed gearbox provides ample power whenever you need it.

05 - Tough new wrap-around bumpers.

06 - The touchscreen infotainment centre provides GPS navigation, Bluetooth, CD/DVD, USB/AUX support as well as providing an interface with the vehicle management system.

07 - Essential controls for phone, audio and cruise functions are at your fingertips on the steering wheel, keeping your hands where they should be.

08 - 12V charging points are available in both the front and back rows.

09 - Dual airbags for driver and passenger.

## CONVENIENCE, CONTROL AND SOPHISTICATION

The Next Generation Mahindra Pik Up responds to your every need with luxurious interiors, and is loaded with features including the touch screen infotainment system with GPS navigation, Bluetooth, CD/DVD, and with USB/AUX support. The management system provides vehicle related information at your fingertips while the automatic temperature control will maintain the cabin just as you like it. On the driver's side the easy to read instrument cluster keeps you in-tune with the vital statistics of your drive and journey, and the new steering wheel incorporates cruise control, audio and telephone controls to keep your hands where they should be. Other advances include the introduction of Micro-hybrid technology that enables the engine to intelligently switch into standby mode when not in use, saving both on fuel and the environment. Rain and light sensors automatically turn the lights on in adverse lighting conditions and your wipers on in the rain. The driver's seat is fully height adjustable to ensure your perfect comfort and ride position.

On the performance front, new Cushion Suspension and Anti-Roll Technology provide unparalleled stability and road holding, while ABS (anti-lock braking system) with EBD (electronic brake distribution) will keep you in control in hazardous situations.

Additional safety aspects of the Pik Up include dual front airbags and side impact protection bars. On the security front, the engine immobiliser includes an encrypted key recognition system that will reject any foreign key accessing the vehicle. This is further supported by the anti-theft warning system to protect against illegal entry.

ABS with EBD will keep you in control when you think you're losing control

10 - Rear replacement bumper with towbar.

11 - Front replacement bumper with winch mounting plate.

12 - Rock-slider.

A comprehensive range of high quality accessories is available to enhance your vehicle - providing you with all that you could possibly need to go wherever your wanderlust takes you and ensuring you look the part, too. Ask your dealer for more details.

# **The Mahindra Pik Up. Now assembled in South Africa.**

**At home in South Africa**

**Mahindra**  
Rise.

The Next Generation Mahindra Pik Up has been designed to be strong and practical, with all the power you need to get the job done. Built in India to withstand the harsh conditions of the subcontinent it delivers strength and tenacity, with reliability you can depend on. A large load box with a maximum payload of 1200 kg<sup>1</sup>, and a braked towing capacity of 2500 kg make it the hard working, dependable team player you've always wanted. The Next Generation Mahindra Pik Up comes with a restyled Mahindra signature front grille with chrome inserts, dual projector headlamps, an integrated air-scoop in the bonnet, and tough new wrap-around bumpers.

The Next Generation Mahindra Pik Up is powered by Mahindra's legendary 2.2 litre, 4-cylinder mHawk turbo-diesel engine. The new six-speed transmission delivers an impressive 103kW of power and 320Nm of torque, providing effortless acceleration and all the muscle you could ever need. The updated engineering is more fuel efficient too, and low on CO2 emissions - a hallmark of Mahindra's cutting-edge technology.

The Pik Up's Mechanical Locking Differential (MLD) is manufactured by the world renowned Eaton Corporation with its 'shift-on-the-fly' functionality further enhancing its off-road capabilities. It provides full axle lock automatically when needed without any manual intervention, providing the optimum traction for your situation.

1 - Payload: 4X2 = 1195 kg, 4X4 = 1095 kg.

**THE HARDEST WORKER YOU'LL EVER HAVE ON YOUR TEAM.**

Dealer's Stamp

Alfa - The Baadshah of 3-wheelers, now brings you even more benefits with two new variants. Designed keeping in mind your every need, so that your business flourishes and you earn more.

The new Alfa range is better in every aspect. Its stylish and strong build quality, comfortable ride, spacious cabin and safety features give it a unique identity. While its best-in-class mileage, lowest-in-class maintenance and best-in-class 24 month warranty, give you maximum returns.

Let's take a look at its features.

## **ALFA CHAMP** ***BEST PERFORMANCE IN ITS CLASS***

The Alfa Champ's high performance and compact build quality gives you unparalleled ability to work your way through crowds and narrow roads with ease.

### **PERFORMANCE**

- Its powerful 1 kw starter motor enables the engine to start easily, especially in cold conditions
- Excellent mileage and unmatched pick-up
- A snorkel exhaust makes sure the engine remains well maintained for a long period

### **STYLE**

- Most stylish body in its class
- Compact superstructure with stylish canopy
- Attractive black dashboard and mudguard to match body and canopy

### **MANEUVERABLE (NAVIGABLE)**

- A well-structured body with a plastic skirting that protects it from bruises, scratches and costly repairing.

## **ALFA DX** *STRONGEST IN ITS CLASS*

The sturdy new Alfa DX gives you unmatched ability to drive on any type of roads.

### **TOUGHNESS**

- Strongest-in-class body and superstructure
- Sturdy 4-bolt wheel mounting

### **COMFORT**

- Spacious canopy so your passengers enjoy ample space
- Large cabin with ample head room, leg room and shoulder room
- Comfortable seats for drivers and passengers
- Reduced fatigue due to reduced vibrations

### **STYLE**

- Attractive dual tone (black & red) seats
- Attractive black dashboard and mudguard to match body and canopy
- Push button start

### **PERFORMANCE**

- Powerful starter motor that enables the engine to start easily, especially in cold seasons
- Excellent mileage and unmatched pick-up
- A snorkel exhaust makes sure the engine remains well maintained for a long period

### **OTHER FEATURES**

- Mobile charging point and bottle holder for driver's comfort

**XUV300**  
**DO IT YOUR WAY**

**AWARDED INDIA'S SAFEST CAR 2019-20  
5-STAR GLOBAL NCAP SAFETY RATING**

# DO IT YOUR WAY

**Mahindra**  
Rise.

# BOLD

The new XUV300 is a combination of bold, head turning style, attitude and dynamic performance. With its aggressive front grille and imposing stance, the XUV300 always looks ready to charge.

**Stand out from the crowd.**

# DYNAMIC

**Walk the torque with the dynamic XUV300**

#### **BEST IN CLASS TORQUE\***

Powered by an award-winning 1.5l turbo diesel engine, the XUV300 is the only compact SUV in South Africa with torque of 300Nm to ensure quick-off-the-mark take off.

The petrol version with a high-performance 1.2l turbocharged engine variant offers torque of 200Nm and power output of 81kW.

**BEST IN CLASS**

#### **SIX-SPEED TRANSMISSION**

Ensuring optimised gear shifts for an effortless drive.

The XUV300 provides  
the perfect balance  
between comfortable  
ride, confident handling  
and dynamic performance.  
With free flowing torque  
and nimble-footed  
manoeuvrability, the  
sheer joy of driving kicks  
in the moment your foot  
touches the pedal.

\*Applicable to diesel variant only

**We've cut no**

#### **ISOFIX CHILD SEAT ANCHORS**

World standard child seat mounts with safety locks on rear doors to keep your kids safe.

#### **7 AIRBAGS**

Front, side and curtain airbags, together with a driver's knee airbag provides protection from all directions (V8 ).

**MAHINDRA XUV300**

**THE XUV300 IS THE FIRST CAR IN INDIA TO BE AWARDED THE HIGHEST 5-STAR GLOBAL NCAP SAFETY RATING AND A 4-STAR CHILD SAFETY RATING. THIS PLACES IT AMONGST THE SAFEST CARS IN THE CATEGORY.**

corners to ensure your complete safety and peace of mind.

**HILL HOLD ASSIST**  
Hill hold assist technology prevents rolling back on an incline.

**HEATED MIRRORS**  
Prevents condensation in adverse weather conditions.

**CLASS LEADING**

**DISC BRAKES ON ALL WHEELS**  
One of the few vehicles in this class to offer full disc brakes as standard on all variants.

SAFE

**ESP**

The Electronic Stability Programme ensures that control and stability are not compromised in tricky situations/terrain.

**ABS with EBD**

Anti-lock Braking System and Electronic Brakeforce Distribution is standard on all variants.

**WITH ESP**

**WITHOUT ESP**

#### FRONT PARKING SENSOR

A great help when parking or manoeuvring through tight spaces.

**FIRST IN CLASS**

#### PARK ASSIST

# Standout Design

The XUV 3XO introduces a bold, athletic silhouette that commands attention.

It features a distinctive front grille and headlamp design with a piano black finish on the grille and LED headlamps, LED DRLs and LED fog lamps. Several unique wheel designs have been penned for the different XUV 3XO models, including a stylish 17" diamond-cut alloy wheel on luxury models.

The XUV 3XO's interior complements its striking exterior with a blend of premium finishes and modern design elements and equipment.

# Advanced technology

The XUV 3XO is at the forefront of automotive technology twin 26.03 cm (10.25") HD screens, and wireless Android Auto and Apple Carplay.

The first-in-segment features, like a 65 W USB-C charging point and Electronic Parking Brake with Auto Hold, are tailored for tech-savvy users seeking convenience on the go.

Adding to the list, an immersive audio experience is created through a Harman Kardon Premium Audio with a dedicated amplifier and sub-woofer that also offers Sonic Expanse, Bass Enhancer, a nine-band equaliser and four Ambient Sound Modes.

Wireless Charger &  
65 W USB - C Fast Charging

Dual floating high-resolution screens - with the largest  
10.25" digital cluster and 10.25" infotainment system

Additionally, Level 2 ADAS with 10 features ensures enhanced driving assistance and safety measures. The inclusion of radar technology aids the ability to detect obstacles in challenging weather conditions such as heavy rain or dense fog, thereby offering crucial collision warnings and facilitating Automatic Emergency Braking (AEB).

These cutting-edge features are complemented by the largest-in-class Skyroof™, which not only enhances the vehicle's visual appeal but also enriches the driving experience. The 360-degree surround view system with blind view monitor further adds to the comfort and convenience of the driver.

- Harman Kardon Premium Audio system, 7 speakers and a nine-channel equaliser
- Surround View system with blind view monitoring
- Wireless charging and connectivity with Apple and Android systems
- Ultra-fast 65W USB Charging that is capable of charging a laptop
- First in segment tyre position display

# World-Class Safety.

Segment disruptor with 6 airbags standard across the range

Safety is paramount in the XUV 3XO, ensured by the extensive use of high-strength steel and 35 standard safety features. The 3XO is designed with 45% of body making use of ultra-high-strength steel for unparalleled strength. The cabin is engineered to absorb a 20 ton frontal impact, with an energy absorption zone and its proven trident structure in the minimal deformation zone, creating the safe cocoon for its occupants.

Additional cutting-edge safety technologies include a 360-degree surround view system with Blind View Monitor, new-generation Electronic Stability Control (ESC) with hill hold control and hill descent control, ensuring superior control in challenging driving conditions.

- Segment leader with electronic stability program (ESP) as standard in the range
- Standard three-point seatbelts on all seats in the range
- Level 2 Advanced Driver Assistance Systems (ADAS) with 10 standard safety features
- Standard All-wheel disc brakes, with disc wipe and emergency pre-fill system
- Safety cocoon with over 45% of body in ultra-high-strength steel

Electronic Power Brake & Autohold

\*Specifications may vary by model.

Level 2 Advanced Driver Assistance Systems make the XUV 3XO an impenetrable fortress. With a radar and a camera that detects obstacles, avoids collisions, and assists the driver, there's no place as safe and exciting on the road as this.

Adaptive Cruise Control

Auto Emergency Braking (Cyclist)

Forward Collision Warning

Auto Emergency Braking (Pedestrian)

Traffic Sign Recognition

Auto Emergency Braking (Vehicles)

Furthermore, the vehicle comes standard with six airbags, four disc brakes, 3-point seat belts and seat-belt reminder for all seats along with passenger airbag on/off for child safety, ISOFIX child seats with top-tether, among others, providing comprehensive protection for all occupants.

These features underscore the XUV 3XO's commitment to safety, establishing it as a leader in its class for both active and passive safety systems.

- High Beam Assist
- Lane Departure Warning
- Lane Keep Assist
- Smart Pilot Assist

Boot Space

## Superior SUV Comfort

The SUV's credentials are further enhanced by its longest-in-class bonnet, adding a sense of robustness and forward motion.

With a commanding seating position where the driver's eye level is almost 1.4 metres above the ground, the XUV 3XO offers best-in-class forward visibility of 23.7°.

Bold wheel arches and large tyres underscore its ruggedness, with the largest tyre outside diameter (OD) in its class, contributing to a formidable stance. The impressive ground clearance, calibrated approach and departure angles, and best-in-class water-wading depth amplify the XUV 3XO's SUV-ness factor. Complementing these features are the segment-leading R17 Diamond Cut Alloy Wheels, which further accentuate its authoritative presence.

\*Specifications may vary by model.  
Disclaimer: Creative visualisation. For illustrative purpose only.

The XUV 3XO excels in providing a spacious and comfortable environment for all its occupants. It boasts best-in-class occupant space, which is remarkably generous, comparable even to SUVs a class above. This is complemented by the spacious boot space, which can accommodate up to 364 litres\*. Additionally, the XUV 3XO offers best-in-class leg and hip room for the first and second row passengers, ensuring a comfortable ride for all.

Features like a cooled glove box with illumination and a standard 60:40 split in the rear seats ensure convenience and functionality. The front armrest, which is standard from the base variant and integrated with storage, adds to the ergonomic and practical design, making every journey in the XUV 3XO a blend of comfort and class.

**Space:**

- Widest-in-segment: 1821 mm
- Longest-in-segment Wheelbase: 2600 mm
- Rear Split Seats (Standard from base)
- Boot Space of 364 L\*\*
- 60:40 split rear seats standard across the range

Leatherette seats with diamond-mesh patterns & decorative stitching

\*\*Boot space as per ISO V215. Disclaimer: Creative visualisation. For illustrative purpose only.

## Spirited Performance:

The XUV 3XO is powered by a turbo-petrol engine that is designed for exhilarating performance and superior efficiency.

Staying true to the brand's legacy of offering thrilling performance, the mStallion TCMPEi turbo-petrol engine delivers 82 kW and 200 Nm of torque. The engine features new vehicle management software and intelligent turbo-charging to clock a 0-60 km/h run in 4.6s while offering exceptionally low fuel consumption.

The XUV 3XO can also be ordered with a 6-speed AISIN Third Generation Automatic Transmission, renowned for its durability and reliability. The gearbox has proven itself in the XUV 700, which utilises a transmission from the same family.

The transmission offers smooth gear shifts and is optimised to deliver great fuel efficiency as well as a 'fun to drive' experience.

Each engine is available with a 6-speed manual gearbox and an added option of 6-speed AISIN automatic transmission for the petrol engines.

The XUV 3XO is equipped with an advanced suspension system that includes a MacPherson Strut Fully Independent Front Suspension and a Twist Beam Semi-independent Rear Suspension.

This set-up ensures a ride quality that is quiet and comfortable, with quietness matching that of the XUV 700. Additionally, the XUV 3XO features first-in-segment three smart steering modes—Comfort, Normal and Sport. These smart steering modes are available across all powertrains, ensuring that every driver can enjoy a controlled and responsive driving experience, setting a new standard for what drivers can expect from a compact SUV.

The SUV also features custom drive modes—Zip, Zap and Zoom, each designed to enhance the driving dynamics on varying terrains by adjusting the vehicle's performance characteristics. Moreover, the XUV 3XO incorporates MTV-CL (Multi-Tuned Valve Concentric Land) technology within the dampers. This advanced valving technology significantly improves ride and handling performance by optimising the suspension response to different driving conditions.

- Quick acceleration 0-60km/h in under five seconds
- Third-generation Aisin 6-Speed Automatic Transmission with Torque Converter on all AT variants
